Cefalù, MAY 28, 2024 – As summer arrives, the sea breeze gently caresses the bay of Le Calette, speaking of pristine waters and wonders to explore that the boutique resort is ready to share with its guests.

At the beginning of the beautiful season, at Le Calette – an oasis of peace in the fascinating Cefalù coastline, run for 55 years by the Cacciola-Miccichè family with their admired *savoir faire* of haute Sicilian hospitality – it will be possible to dive back into the crystal blue waters with the **reopening of the beach spots and the arrival of a new offshore dinghy boat.**

The hotel restaurants return to the open air among the stars and the sea of Cefalù to enjoy the thrilling beauty of the bay at the table as well.

SAVORING SICILY AT CALA LUNA, THE FINE DINING RESTAURANT UNDER THE STARS

Since 2022, **Dario Pandolfo** has been the chef at the helm of **Cala Luna**, the fine dining proposition of **Hotel Le Calette**. Thanks to his personality and skills, Cala Luna has established itself, in a very short time, **among the best new restaurant insignia in southern Italy** ("Top of Tomorrow" by the Italian Touring Club and 2024 Michelin, L'Espresso, Gambero Rosso and Identità Golose guides).

On Saturday, June 1st, the restaurant moves from the elegant panoramic room to the large lawn under the stars of Cefalù, with a scenic open kitchen and a sweeping gaze over the moon's reflections on the sea, the stacks of the Caldura Bay and the Rocca of Cefalù.

Chef Pandolfo presents a **lively and distinctive proposal, reinterpreted in a contemporary key and developed entirely to enhance the immense gastronomic heritage of the territory**, respecting seasonality and origin. Nature is the source of inspiration, the raw material is carefully selected through a chain of farmers, breeders, fishermen and producers who work ethically and sustainably.

His tasting menus are the full expression of what it means for Dario to cook in his homeland, two journeys together with the chef: "**Come to Sicily with me**" and "**Sicilian Freedoms**" to enhance the authentic gastronomic richness of the island.

ABOUT LE CALETTE

For over fifty years, Le Calette has been internationally recognized as one of the most exclusive examples of hospitality in Sicily. Nestled in one of the most evocative and scenic corners of the island's northern coastline – just outside the historic centre of Cefalù, a UNESCO site – and surrounded by 2 hectares of botanical park, the complex follows with its Mediterranean architecture the folds and inlets of the Caldura bay, insinuating itself into the small “coves” from which it takes its name. With a proposal of suites and rooms, divided into two complexes – **the 5-star “Le Calette N°5” and the 4-star “Le Calette Bay”** – and of **private villas**, Le Calette offers panoramic terraces and quiet Mediterranean gardens overlooking the sea in which to laze on relaxing days, and a wide range of restaurants, bars, beach clubs and wellness areas for extraordinarily unique stays.
