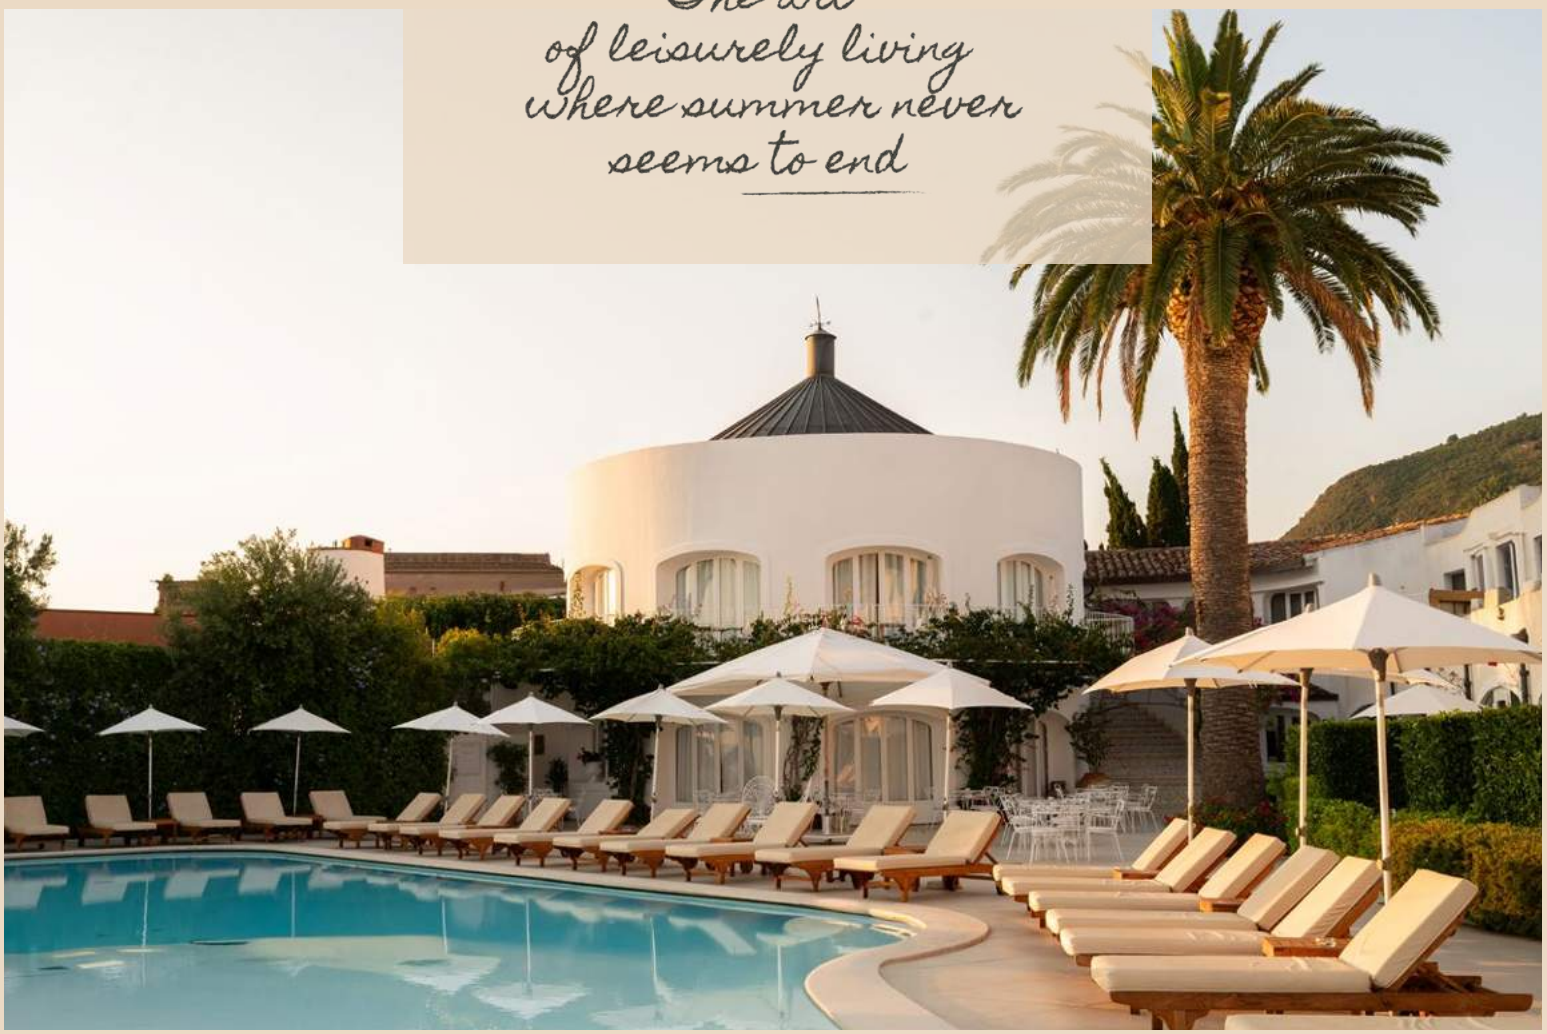
LE CALETTE

Cefalù

The art of leisurely living Where summer never seems to end



For over fifty years, Le Calette has been one of the most captivating hotels on the Sicilian coast. Set within an extensive park overlooking Caldura Bay, 2 km from the UNESCO-listed historic centre of Cefalù, the boutique resort follows the natural contours of the coastline with its Mediterranean architecture. Rooms, suites and villas are distributed between Le Calette N°5, a five-star property, and Le Calette Bay, a four-star property, within the same resort, alongside restaurants, bars, a beach club and wellness facilities.
